

OneBiome service

I am considered a biological waste – but I am also a reflection of your gut microbiome! Did you know that I contain a multitude of microbes that can be seen as valuable data? These data can reveal the state of your health.

- **Build a strong foundation for your health by learning more about the state of your gut microbiome**
- **Your gut microbiome has a key role in shaping a healthy gut and strengthening immunity**
- **Analyse your poop/microbiome sample with our OneBiome service**
- **Get a personalised report with actionable food tips to support a healthy gut**

- **Collect your poop sample**

- **Send the poop sample to the OneBiome research centre**
- **OneBiome will analyse the microbes in the poop sample**

- **Visit the OneBiome website**
- **Complete online questionnaires**
- **Get access to educational contents on early-life microbiome**

- **Receive your personalised report with your microbiome results**
- **Use the actionable food tips to support a healthy gut**
